CHIEF OF POLICE WALTER J. PETERSEN was held up as the "champion of vice" yesterday at the Chamber of Commerce building, when, at a mass meeting called by the Oakland Center of the California Civic League and attended by over 300 women, W. C. Barnard accused the police head of being untruthful, negligent in enforcing the law, and finally declared that he had, in a speech before the law and order committee at the Y. M. C. A., come to the front in defense of vice.

"I suppose that if J. C. Westenberg said this he would be sent to jail!" shouted the speaker. "Well, I say it, and am ready to prove it!"

Barnard and Commissioner Fred C. Turner of the department of Public Health and Safety were the principal speakers of the afternoon, the meeting being called for the express purpose of considering the saloon issue and lining up in the fight for the reduction of Oakland's liquor traffic.

Turner left the room immediately after completing his address, which was a plea to the women to consider all sides of the question, think of the problems which confront the officials in the matter, and to have faith in the city council. He made no promises and declared that, while he was voicing what he thought was the sentiment of the city council, he was doing it on his own responsibility and without authority.

Barnard, the next speaker, began by attacking Commissioners Turner, Bacus and Forrest for granting a cafe license recently to William Hurl. Following this he proceeded to attack the police chief.

"There was never a man in the history of the city who championed vicious conditions as did Chief Petersen last night in his speech at the Y. M. C. A.," declared Barnard. He insulted the motherhood of our city. "Well, the city officials, including the chief, have not done their duty, and I can prove it. Last night at the Y. M. C. A. Chief Petersen did not tell the truth about conditions in the city. Why cannot we get action?"

The big meeting was called in the Chamber of Commerce Auditorium, in conformity with the announcement of the Center last week that the saloon fight was to be taken up.

The women present showed the keen interest taken in the issue before the people for more than three hundred gathered at the big meeting. Long before Mrs. Cora E. Jones called the session to order every available seat was taken.

"This mass meeting is called to discuss the reduction of the number of saloons, and its kindred problems," said Mrs. Cora E. Jones. "The saloon question is today engrossing the entire attention of the city. Publicity is a great purifier. We want to air this question that we may, through publicity, secure change, we want to cope with our problem."

"I feel that Mr. Turner will do all he can for the uplift of the city, and that we can be sure of justice."

BARNARD MAKES A STATEMENT

"I cannot make an address," said W. C. Barnard, "but simply want to tell a few things which I have seen. If I say anything against Chief Petersen, Mayor Mott or Commissioner Turner, I do so with all friendship, but with doubt as to their honesty and efficiency in enforcing the law."

"You have heard Chief Petersen's address last night at the Y. M. C. A. I think it was not a truthful account of the conditions in the city."

"I was disappointed when workers last night attempted to excuse the city officials on the ground that they did not know conditions. They have seen conditions, and they know. It is only recently with the aid of the newspapers that we have been able to present facts. I have been at several saloons and have seen conditions which I am going to describe."

"I have been at several saloons and have seen conditions which I am going to describe. It has stood, and will stand for the right. I am going to subscribe for it and get all my friends to. We have differed, and I have been angered."

MEXICO NOW WAITS FOR PROPOSAL

Further Negotiations Depend on U. S. in Matter

Reason to Believe That Peaceful Settlement May Be Had

MEXICO CITY, Aug. 20.—Further negotiations looking to a peaceful settlement of the Mexican situation, following Provisional President Huerta's rejection of President Wilson's proposals as submitted by his personal representative, John Lind, would appear now to depend on Washington. If the United States government is willing to accept the controversy, there is every reason to believe that the Mexican government would be willing.

An official statement from Frederico Gamboa, the Mexican foreign minister, says that the negotiations between Mr. Lind and the Mexican government have not been entirely broken off, but that they are being kept confidentially.

Mexico's reply to the United States, while couched in diplomatic language, was a definite rejection of President Wilson's proposals, as presented by John Lind.

Ex-Governor Lind today is awaiting instructions from Washington. He still is optimistic and believes that the Mexican government may yet elect to entertain President Wilson's peace proposals.

REFRAIN FROM DISCUSSION

WASHINGTON, Aug. 20.—A disposition to refrain from any discussion of Mexican affairs was evident in the Senate today and a session of the foreign relations committee was devoted to other affairs.

When resolutions introduced by Senator Penrose, asking for information about the Mexican situation came up automatically for consideration, the Senate put them over indefinitely. The Penrose resolutions were the same way that action was in keeping with the understanding reached by the resolutions not to press a Mexican debate in the Senate for the present.

ENGLAND DENIES CONCESSIONS

LONDON, Aug. 20.—A categorical denial was given at Lord Cowdray's London office today to the report circulated to this country from the United States, that Provisional President Huerta of Mexico had granted important railroad concessions to an English group headed by Lord Cowdray.

Orders Punishment for Rioting Sailors

WASHINGTON, Aug. 20.—Secretary Parke has directed the punishment of the sailors of the Pacific Reserve fleet who participated in the destruction of the industrial Workers of the World and Socialists' property in Seattle, July 17-18, if they can be identified. He also severely condemned the civilians who abused the sailors and the American flag.

OPPOSED TO SALOONS IN ANY RESIDENCE DISTRICT

The following resolutions by the Men's Brotherhood of the First M. E. Church have been adopted:

Resolved, That the Men's Brotherhood of the First Methodist Episcopal Church of Oakland, in regular meeting assembled, heartily endorse the steps now being taken by the Oakland City Commissioners to absolutely remove from the residence districts of our city all saloons and to reduce the number of saloons to the lowest number possible at the present time; and

Resolved, That we endorse the proposed method of creating for Oakland a limited number of zones or districts within each of which the maximum number of saloons that may be established is definitely determined, and outside of which zones no liquor establishments whatsoever will be permitted to exist—a method of regulation that has accomplished good in Los Angeles and elsewhere—but we urge that such zones be as few and as small as possible; and

Resolved, Further, that it is the judgment of this body that the number of saloons in Oakland should within six months be reduced to not more than two hundred, which reduction would even then leave a greater number than should exist in a city of the size and character of Oakland; and

Resolved, That it is the judgment of this body that the great majority of citizens of all classes recognize and agree that such establishment should be eliminated at once from the residence districts of our city, irrespective of the fact that this necessarily involves loss to liquor dealers now situated in such districts and recognize that such temporary hardship to individuals can not be avoided in the progress and improvement of our city and should not deter our City Commissioners from removing any saloon from a residence district; and

Resolved, That this Brotherhood hereby expresses its confidence in our City Council and earnestly urges that an ordinance be enacted at once carrying out the principles and policies hereinabove set forth, thereby putting the permanent welfare of the homes and children and youth of our city above the temporary losses of individuals.

Adopted August 19th, 1913.

CHARLES H. J. TRUMAN, President.

J. E. SETTLER, Secretary.

ENDORSES PAPERS' EFFORTS

Resolved, That the Men's Brotherhood of the First M. E. Church of Oakland heartily endorse the efforts now being made by THE OAKLAND TRIBUNE and the Oakland Enquirer to secure the reduction of the number of saloons in the city and to secure better enforcement of the laws designed for the protection of the homes and youth of our city.

J. E. SETTLER, Secretary.

COUNSEL IN FIGHT FOR THAW

Announces Intention to Apply for Habeas Corpus Writ

Array Retained to Oppose Deportation of Insane Man

SHERBROOKE, Quebec, Aug. 20.—Protracted conferences today between three Canadian lawyers retained to oppose Harry K. Thaw's deportation to the United States indicated that his preliminary arraignment in court would be postponed at least until tomorrow, possibly for a week.

The Supreme Court was crowded long before the proceedings began. Thaw's new chief counsel, Charles D. White, conferred with them and announced that he would apply for a writ of habeas corpus, requiring Thaw's presence in court during the arguments for and against his deportation. This new move promised to delay matters considerably.

No announcement as to this effort was made by Charles D. White, employed over night to head the Thaw legal forces, delayed throughout the forenoon in applying for a writ of habeas corpus necessary to produce Thaw in court, and at noon an impatient crowd had waited for waiting for the appearance of Stanford White's lawyer. Later in the day, it was said Thaw's lawyers would request that the case be put over. Decision in this matter rested with Superior Judge Globensky sent down here from Montreal to preside during the so-called "long vacation" of the court. He is due to return to Montreal tonight and should be granted adjournment this must mean a recess of a week.

OTHER PROCEEDINGS PENDING.

This jockeying of procedure related solely to the present charge against Thaw, that of being a fugitive from Matuean. Other proceedings of the immigration authorities were held in abeyance pending the outcome.

San Francisco, where Matuean is located, reached here this afternoon armed with the warrant issued.

TWO SUSPECTED BANDITS CAUGHT

Men Believed to Have Robbed Soo-Spokane Train Arrested

PORTLAND, Ore., Aug. 20.—The police have arrested Eugene Jones and Samuel Wood, charged with being two of the bandits who robbed the Soo-Spokane limited in Portland last night. Jones was seen coming from the scene immediately after the robbery, and while he eluded the police at the time, later was rounded up. Sam Wood, the other prisoner, was arrested on the description given of one of the robbers by a victim. When searched he was armed with a piece of rubber hose, weighted down at one end with a large steelnut taken off a railroad fish plate. The police are investigating their records.

The prisoners, without exception, took the men for amateurs and all of the bandits are said to have been partially intoxicated. Joe Barron, who was dangerously shot during the hold-up is believed to be one of the robbers. He was shot by mistake by one of his associates. He is at the hospital in a critical condition, but beyond saying that he rode on top of the Soo-Spokane limited, he refused to say when the robbery occurred he ran away and was shot in the back, he refuses to give any information. The police say they will hold him should he recover.

PROSECUTOR GIVES HIM THE LIE

Declares Defendant Did Not Tell Truth on Stand

Devlin Begins for the Defense; Will Close This Afternoon

SAN FRANCISCO, Aug. 20.—Watching with a feverish intensity the twelve men who, by 5 o'clock this afternoon, will hold his fate in their hands, Maury I. Diggs, accused of white slavery, sat beside his wife and 4-year-old daughter, Evelyn, today and listened to a scathing denunciation of his acts. From time to time he leaned over, looked fondly at the child and carressed her, and then again his eyes found their way to the countenances of the jurors, and he winced as Special Prosecutor Roche drove home his arguments. Diggs showed the effects of a sleepless night, but did his best to appear outwardly calm.

Near at hand were his father and mother and other relatives. On an adjacent seat was Drew Caminetti, son of Immigration Commissioner Caminetti, whose trial on a similar charge is soon to follow. Supporting him was his brother, Anthony Caminetti Jr.

The courtroom was filled with an equal number of men and women who heard with eager ears some rather disagreeable and necessarily cruel words from the lips of counsel. "We have established this case to

Spreckels' Opposition to Fox Won't Down

WASHINGTON, Aug. 20.—Rudolph Spreckels of San Francisco, opposing the appointment of Thomas Fox as postmaster at Sacramento, Cal., talked with President Wilson again today and appeared before a Senate subcommittee. He declined to discuss his interview with the President, beyond saying he had expressed his opposition to Fox.

Senator Martine, a member of a subcommittee investigating the Fox appointment, talked briefly with the President. White House officials declined to indicate the President's attitude.

Before the committee Spreckels charged that Fox was "a boss" dominated by the Southern Pacific railroad and intimated that Fox's endorsement by Immigration Commissioner Caminetti had something to do with the Dixie-Camden white slave cases. He presented letters and affidavits from citizens of Stockton, Sacramento and San Francisco declaring Fox's confirmation would be a blow at clean government and a return to the domination of machine politics in California and the nation.

GIVES OPINION IN SCHOOL TAX LEVY

Cannot Be Transferred to the
Municipal Governments,
Says Woolner.

That the attempt of the County Board of Supervisors to transfer the levying of taxes for elementary school purposes from the county to the municipal governments cannot be effected under the law, is the opinion of City Attorney Ben F. Woolner. To gether with Attorney Redmond C. Staats of Berkeley and the attorneys for the other municipalities involved, Woolner will take the matter up with the district attorney's office.

The resolutions passed by the supervisors Monday, that in future they will levy no tax in addition to the regular county tax for elementary schools, were filed with the City Council this morning. They were referred to Woolner as the attorney for the city.

No trace of Charles T. Taylor, who disappeared from his home at 1700 Franklin avenue last Tuesday, has been found. Taylor for six years had been a bookkeeper for the California Fruit Cannery Association in San Francisco, and the loss of his position is said by his wife to have made him desperate.

"My husband has been missing for some time and I have never left my home and family and has never left my home. His little boy cries for his daddy continually and we are heartbroken over his absence."

Taylor is described as 50 years old, dark eyes, fair and fair complexion, when W. H. H. Taylor had on a dark blue suit, black derby hat and black shoes. He had a valuable gold watch and several dollars in his pockets.

Severe Cough Led to Lung Trouble

Sufferers with Lung Trouble are rarely willing to acknowledge the fact. If you have a so-called "cold" that has long persisted, or a cough that keeps you anxious, or any of the symptoms of Lung Trouble, such as fever or night sweats, some raising of mucus, take Eckman's Alternative—as Mr. Bettsworth did:

Bowling Green, Ky. "I had a severe cough for six months. I tried all the medicine that my doctors recommended to me, but no results came for the better. I had night sweats and would cough and spit until I got so weak I could hardly do anything. But, at last, James Bettsworth, of Glasgow Junction, insisted that I try your medicine. In one week's time I was quite an improvement in my condition, and after I had taken several bottles I felt as well as ever. I desire the world to know that I firmly believe that Eckman's Alternative will cure any case of lung trouble I take before the last stage (Affidavit: more on request). Eckman's Alternative has been proven by many years' test to be most efficacious in cases of severe throat and lung affections, Bronchitis, Bronchial Asthma, Stomach Colds and in unbuilding the system. Does not contain narcotics, poisons or habit-forming drugs. For sale by The Owl Drug Co. and other leading druggists. RUESS REPLIES TO HIS CRITICS

Says Probation Officer Does
Not Allow Offenders
to Escape.

Replying to certain criticisms made upon him in certain newspapers within the last two or three days, Probation Officer Christopher Rueess today made the following statement:

"The probation office of Alameda county handles hundreds of cases, including, for instance, about three out of four of all felony cases in the Superior Court. Out of hundreds of cases we expect some failures."

"As you might be well known, however, that the persistent attacks upon the probation office of this county originate with a group of reporters of certain newspapers some of whom, according to the law, have no right to be in the Court, say to the contrary."

"As for the matter of the escape of Helen Sargent, a matter for which these individuals are responsible, the proper discount upon reports emanating from these men and their sympathizers, I do not believe that any responsible person would be so foolish as to make malicious reports if fully aware of it."

ATTEMPTS TO FORCE LATCH OF WINDOW

While alone in her home, 5373 Lawton avenue, Mrs. H. G. Moore heard the doorbell ring. She did not go to the door, but waited, as she feared that an attempt might be made by a thief to enter the house. Several times the ring was repeated. The man apparently waited a few minutes, and then Mrs. Moore heard the latch of the front window, opening upon the porch, being carefully worked open with the blade of a knife.

Mrs. Moore screamed, and the man was heard to dash down the stairs and run away. The police were notified but failed to discover the man.

ORDERS LUNCH FOR MYTHICAL MEN

Melrose Restaurant Man Is
Fooled by Story of
Stranger.

MELROSE, Aug. 20.—"Make up sixty lunches for my men," was the order given a Melrose restaurateur by a prosperous looking stranger. The lunches were made up as directed and despatched to where the workmen were supposed to be busy on a tract in Melrose. No trace of the sixty men could be found by the driver of the delivery wagon which conveyed the lunches out to the tract, and the astonished driver returned with his load of sandwiches. The plausible stranger is stated by other storekeepers in the Melrose district to have come away with similar tall stories about the money he owned, and about the number of men he "bossed."

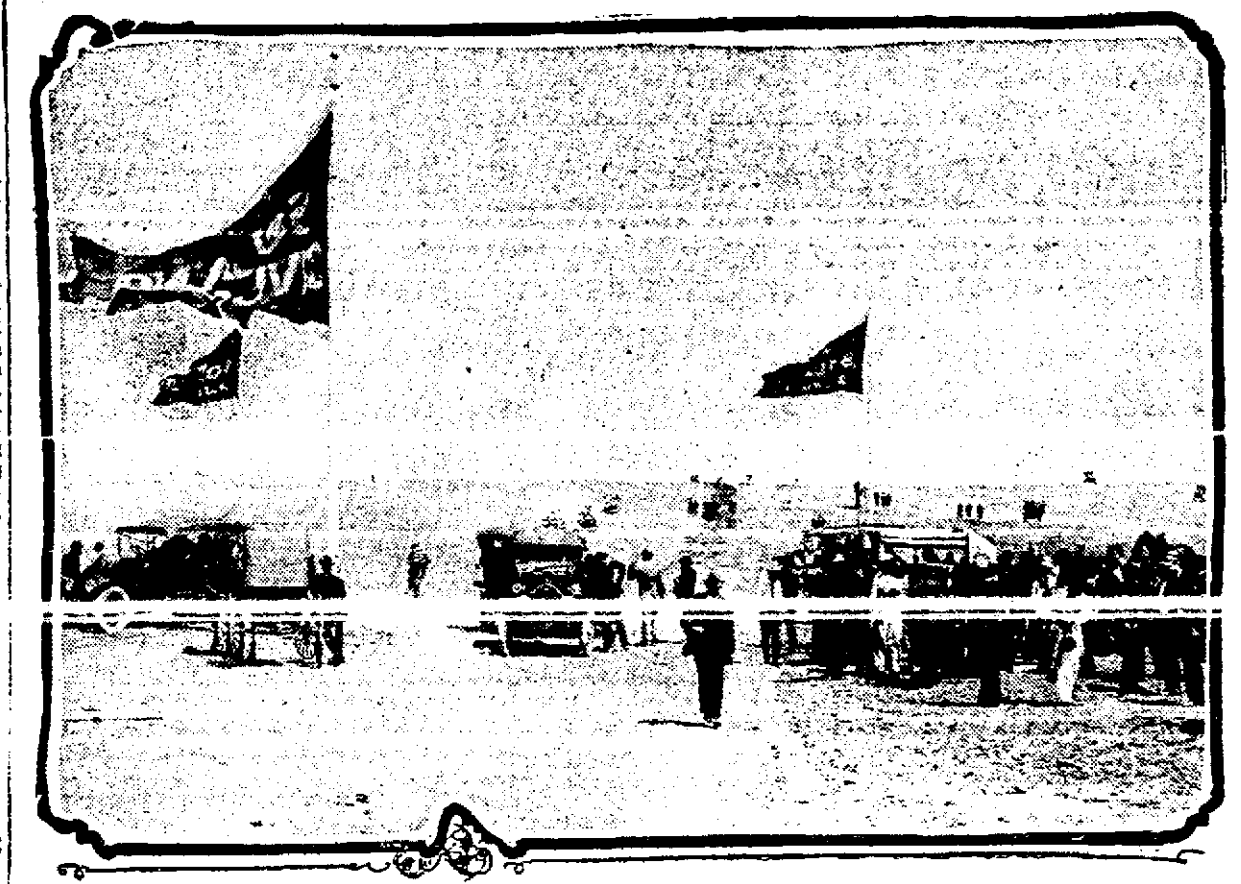

Captain T. Brown of the Melrose police force was notified, and set policemen to watch the movements of the stranger, with the result that Officer Enright arrested him yesterday.

When brought before Captain Brown the man gave the name of Frank McCabe, of 3331 East Tenth street, and stated that he had formerly been a professor at the University of California, likewise that he had come of a very learned stock, and was engaged in writing a book. The stranger spun some stories about his wealth and position to the captain, who was skeptical, however, especially when he heard of the stranger's order of lunches for a mythical army of workmen, and ordered McCabe's removal to Oakland for investigation into the state of his mind.

ANDERSON CASE IS POSTPONED ONE WEEK

NEW SOLANO CITY SITE IS NOW UPON MARKET HUNDREDS ARE PRESENT AT FIRST BIG OPENING

SCENE AT SOLANO CITY LAST SUNDAY WHEN THE NEW TOWNSITE WAS VISITED BY OVER 1200 PEOPLE.

Twelve hundred men and women attended the opening of Solano City townsite on Sunday. A regulation five-car train, packed to the platforms made its maiden trip over the Oakland, Antioch & Eastern from Key Route pier to the site of the new city. The others reached the scene over the Southern Pacific, and by auto from Suisun, the 100 machines being used for the remainder of the day in conveying the crowds to various parts of the property. In the circus tent at the townsite and in the dining pavilion at the experimental farm the twelve hundred were fed and regaled with food and drink. The day's sales of lots and farm lands brought the total cost of the million dollar mark for a fifty days' campaign.

The foregoing is a bare recital of the facts attendant upon a land opening which Charles S. Fee, general traffic manager of the Western Pacific, and S. L. Naphaly of the Oakland, Antioch & Eastern, as the greatest he had ever seen outside of a government opening, of which the Oklahoma rush was a notable example.

Fee's enthusiasm was shared by E. L. Lomax, assistant passenger traffic manager of the Western Pacific, and S. L. Naphaly of the Oakland, Antioch & Eastern. Others as observant, but less expert in problems of traffic and colonization, added their praise of the Solano project and the strategic location of the city.

TRIP IS SLOW.

The electric train's first trip was a leisurely one, owing to the care exercised on an initial run and the fact that the roadbed is not fully ballasted north of the straits. In fact, the road was not ready to begin service, but ran the train as an accommodation to A. J. Rich & Co. and the Solano Farms company. The trolley has been strung from Sacramento to Solano, the ballasting will be completed early next week, and in two weeks through services will be inaugurated and the run made close to schedule time. After that date the Solano excursion will be resumed, and the O. A. & E. will be able to handle a

crowd of 2000. By that date, too, several business buildings will be in course of construction on lots purchased Sunday and the street improvements will be under way.

The traffic experts discussed the land project and the townsite on the homeward trip. Fee said:

"If I were choosing a place to build a city I think this would be the place without the question of a doubt. It is a wonderful proposition as far as I can see."

PRaises SITE.

"I have seen enough today to convince me that A. J. Rich & Co. have all that one can possibly hope for in the way of construction of a modern city located in as fertile country as there is on the face of the earth. Its climate is not excelled anywhere. It has three railroads, the Southern Pacific on the west, operating their main Omaha-Oakland-Chicago line, on the east operating the finest line of steamers between San Francisco and Sacramento and a very excellent electric line, the Oakland, Antioch & Eastern, cutting the land in the middle. I don't see what else you can hope for or expect, and with just transportation facilities in gunshot, it looks to be as though the place is admirably chosen. The land is certainly fertile enough and the outlook seems to be excellent."

"The irrigation project, I think, wonderful. I think the preparations have been made exactly as you might expect from the men whose names are connected with this enterprise."

HUGE OPENING.

"Not in the ordinary land openings, outside of a government reservation land opening, have I ever seen such a large crowd, or such fine arrangements to take care of a crowd. I think it means a great deal to the State of California and this coast, and especially San Francisco and Oakland."

S. L. Naphaly added this:

"We have a lot of money invested in this road and therefore we have just as much hopes as the builders of the Solano City. I must think the most

important thing is the water system—the reservoirs. All the other projects claim and tell you about the system of canals and all about the supply of water. Here you can see all the water yourself—250 acres, 60,000,000 gallons of it."

LOMAX ADDS PRAISE.

E. L. Lomax said:

"It is very hard to add to anything Mr. Fee has said, yet there are two or three things I would like to say about this. First, of all the reclamation and irrigation propositions I have seen in Kansas, Nebraska, Wyoming, Idaho, Oregon, Washington, Utah or California, this, to me, is the best for the reason that this proposition is an ideal one from the standpoint of health. You can live in the open air here 355 days in the year. Next, there is the soil and the water. Every known crop in the world, except as cotton, can be raised on this piece of land. Third, that it is close to the door of the greatest market in the world to-day, San Francisco, Oakland, the Orient and South America, and the Atlantic seaboard are open to it."

There is no proposition I have ever seen that presents such great transportation facilities. There will never be a crop raised here that cannot reach the market. It has steam railroad, electric railroad and boat transportation, and plenty of it."

GREAT OPPORTUNITY.

"It has one of the largest railroad corporations in the world alongside of it, and more transportation will be put in when the road is completed. Knocking at the door of this project for entrance. Another thing about this is that it is not out of the way somewhere. It is only two hours from two of the greatest metropolises of the Pacific Coast, Oakland and San Francisco. If any of these people wish for the mountains, or for fishing, in two hours they may reach a point anywhere from 1000 feet up, including Lake Tahoe and the Feather River canyon."

The private car of the Oakland and Antioch directors, upon which a buffet luncheon was served, carried the following guests of A. J. Rich & Co.: Mr. and Mrs. A. W. Foster, Richard E. Mulcahy, Lansing Mizer, Miss Martha Foster, A. W. Foster Jr., Spencer Grant, Mr. and Mrs. H. N. Keucher, F. W. Kellogg, Miss Ethel Gregg, Miss Dorothy Mann, Mrs. A. C. Parsons, Roy Brown, Mrs. R. S. E. Naphaly, Walter Arnstein, Bend G. Maynard, Talton Mann, E. L. Lomax, Charles S. Fee and Thornwell Mullally. The comfort and pleasure of the guests were looked after by David Rich, A. J. Rich and A. C. Parsons.

NAVY MAKES GOOD ON RECRUIT ADS

Pleasure Cruise of a Month in
Mediterranean Ports as
Pictured.

WASHINGTON, Aug. 20.—"If you advertise anything, make good," quoth editor Josephus Daniels, in his official capacity as secretary of the navy and as a result there is rejoicing today among the men of the navy who are assured a pleasure cruise of a month in the Mediterranean. Ten big battle-ships and all the torpedo boat destroyers now attached to the Atlantic fleet will make the trip, departing October 25 and returning to their home ports December 20.

"There was some argument in favor of abandoning the cruise to permit of other work," said the secretary. "But I told the officers and men that either we would make good our recruiting advertisements that men can learn something and see the world or 'tear them up.'"

The various ships will separate when they pass Gibraltar and each will select its own port. During the month each vessel will swing at anchor the crew will be given liberal shore leave in which to visit the city or town and the adjacent country. The secretary unofficially has advised the men to save their money against the day of their outing.

MEMORIAL SERVICES OF LYON POST NO. 8

Memorial services of Lyon Post, No. 8, Grand Army of the Republic, were held Monday night in Porter Hall, 1518 Grove street. The ceremony was impressive in character and beautiful in sentiment. The invocation was spoken by Rev. Thomas A. Boyer, pastor of the First Christian church. The Appomattox Boys' choir rendered appropriate hymns. One of the strongest features was an account of the great reunion of the blue and gray, 55,000 strong, on the battlefield of Gettysburg on July 1, 2, 3 and 4 last, by E. M. Gibson, commissioner for the State of California. Others who participated in the program by address and responses were Post Commander John L. Hays, E. A. Blane, Rev. T. A. Boyer. The following are the deceased members of the post: William O'Brien, Henry L. Longfellow, William J. Stanley, John Fitzmaurice, James N. Deane, S. J. Deane, Fred C. Jennings, Fred C. Joelyn, John C. THE SALOON ISSUE CONCRETELY STATED

BY THEIR fruits ye shall know them. The voice of condemnation should not be raised against the City Commissioners until they have demonstrated that they are not responsive to public sentiment in the saloon issue. Let us see what they do first. Let us hope for the best and encourage the Commissioners to take their stand on the right side. We do not assume that they will do wrong. A demand for reform should not be pressed with intemperate denunciation. At the same time, a firm attitude should be maintained. Justice and moderation should give no indication of weakness.

Recriminations as to who is responsible for existing conditions are profitless in the present crisis. The conditions are admittedly bad. We are now engaged in the task of bettering them. The effort should be to get every man and woman in the city to lend a hand in the good work. This is a forward movement not a retrospection nor a raking over the ashes of the past with its mistakes, laches and other shortcomings, and expediency dictates the wisdom of enlisting in the good cause every person willing to fight under the banner of reform. Let us awaken and encourage the sense of moral responsibility and abstain from recriminations which may alienate support where it is needed and discourage good intentions however belated. In some degree nearly all our citizens are derelict or conditions would not be as they are. Evils have sprung up by sufferance.

It is this policy of supineness which we wish to end and substitute therefor a concrete policy of governing the retail liquor traffic, which will ameliorate existing conditions and prevent their recurrence in future.

The resolutions adopted at the meeting of the Oakland Center of the California Civic League set forth in clear, definite and explicit form the

reforms demanded in the present movement. They are practicable and reasonable. They are in accord with sound morality, business principles, public order and the canons of good conduct. They are as follows:

1. That this organization hereby declares itself in favor of a specific reduction in the number of saloons in Oakland to 200.
2. That the licensed saloons be confined to the business district of the city.
3. That all tables and partitions in saloons be eliminated.
4. That gambling in any form be prohibited.
5. That existing sanitary regulations in connection with saloons be rigidly enforced.
6. That existing private card rooms be eliminated.

Be it further resolved, That this organization co-operate with other bodies in bringing about the full enforcement of existing laws and ordinances relating to "boxes" in restaurants and cafes relating to the sale of liquor to minors, according to the new State law of 21 years; and to all matters of civic betterment.

This is the program the City Commissioners are asked to put into legal affect.

WILL THEY DO IT?

It is an expression of common sense wisdom highly creditable to the women of Oakland. Zeal has not outrun discretion in formulating a plan to apply a remedy for deplorably bad conditions. In the concrete, this plan is the crystallization of diverse views all looking to the same end and offers a remedy for evils which all deplore and desire abated or ameliorated so far as human action can accomplish that result.

On their practical side the demands leave nothing to be desired. They are strictly within reason, and there is no obstacle to their accomplishment save a wish to protect the iniquities which have crept into the liquor traffic. The issue they present is simplified and stripped of all ground for insincere objection. Well done for the ladies. They have shown their ability to grasp

ple with a public question and deal with it in its practical aspect.

All that is needed now is the requisite legislative action to give the reform demanded the force and effect of law. That action must come from the Commissioners. THE TRIBUNE is hopeful that the good people of Oakland are not looking to them in vain. Let us be slow to condemn till they have acted and shown themselves unresponsive to public sentiment. If they fairly meet the demands made by the women of the Civic League, as we hope they will, they will merit commendation instead of censure. We want peace as well as reform. We want all to line up on the right side that can be induced to join the forces of good government and social order. We want the community to unite in support of a policy which will not only be a defense of our homes but which will enable us to go forward hand in hand to the accomplishment of other enterprises having for their object the material and moral uplift of the inhabitants of this city.

The women of the Civic League—we say women because the voices and votes of women are what vitalize and give force to the movement of which the league is the sign and articulate expression—have done their duty. It is for the Commissioners to do theirs.

When we are appealing to the better instincts of men it is unwise and unkind to truculently notify them that we expect them to do wrong. THE TRIBUNE will believe this fight is won until it is lost, and it will not condemn till action discloses recreancy.

BUT IF THIS FIGHT IS LOST IN THE COUNCIL WE NOW GIVE NOTICE THAT IT WILL BE A BATTLE TO THE DEATH. THE PEOPLE WILL WIN IN THE END.

In this spirit let us go forward in the work of civic betterment, resolved to brook no failure, but withholding censure till censure is justified by events. By coupling reason with righteousness and temperance with truth we can make a good cause irresistible.

A Modern Social Problem.

Here is a story, all too common, which THE TRIBUNE lays before its readers in the hope that the difficulties herein presented will be made easier in future for men situated as this correspondent is. Read and think it over:

"Aug. 18, 1913.

"Editor OAKLAND TRIBUNE: Kindly permit me to ask you a question or two through your valuable columns, also giving you my reasons for doing so. I am a man nearly sixty years of age, have always worked hard and tried to do my duty to all mankind. Am a carpenter by trade and understand the business in every branch. I can also, at my age, when the opportunity occurs, do as much work and as workmanship-like as any ordinary man, and do not need to be shown every move I have to make. Yet I cannot secure employment. I have a large family to support, ranging from three years up, and my wife. I have been seeking work for weeks, with no avail. Kindly tell me through your columns what a man that is getting aged is going to do for a livelihood. We cannot all be rich. Someone must do the work, and I am willing to do my part if I can secure that privilege.

"Respectfully yours,
"A SUBSCRIBER."

THE TRIBUNE does not run an employment bureau, neither does it make the laws, and it cannot tell employers whom they shall employ. Nevertheless, it feels a deep sympathy with a man in the position our correspondent finds himself. It should not be our social order will be imperfect as long as it is so.

With a wife and children in a state of circumstance, he is given hostages to fortune, and finds himself through no fault of his own tied to a hard condition which not only oppresses him but is dependent upon his exertions. Providing for a family of seven left little of his earnings to be laid by for the future. As the gray is creeping into his hair and the wrinkles are forming on his forehead, he is denied work because of his age and luster men. He is forced into the theory that a man is of little use after 50. He is in sight and dismissed as soon as he is seen. By and by he gets discouraged.

and idleness becomes a habit. He begins to wander around looking for something to turn up, well knowing his quest is aimless, all because the ordinary avenues of employment are closed to him. He has been found guilty of the crime of growing old and sentenced to idleness and those dependent on him to want or worse.

Is there not something here calling for thoughtful study as well as hearty sympathy? Is not society interested in the problem which confronts this man? We pension soldiers who grow old or are maimed in their country's service. What is to become of the man who spends his life at productive labor and at even tide finds himself cast aside without means, to subsist as he can? Worse still, he is denied employment ere his days of usefulness are spent because younger men are wanted. Is youth so cheap or age so dishonorable that this should be? We trust it will not always be so. We hope the time is not far off when society will perceive its true relationship to all its members. In the meantime all we can do is to tell our perplexed friend to keep a stout heart and try again. This may sound like cold comfort, but perhaps his side of the case may touch the heart of some employer who has not forgotten to feel for the distresses of the poor.

Harry Thaw is again at large and circulating freely. It is quite likely that some of his money is also in circulation. The manner in which he escaped from Matteawan suggests that he knocked somebody down with his pocketbook.

NEW DEPARTMENT CAUSES PUZZLE

Commerce Division Is Hampered Through Labor Office.

WASHINGTON, Aug. 20.—Homeless, except for the charity of its sister department, the "baby" department of labor's plight is proving something of an embarrassment to the department of commerce, which is forced to postpone moving into its new modern building because the foundling cannot be taken along. The latter department has cared for the new executive division and has housed it in the absence of any appropriation for its needs. Now Secretary Redfield finds he cannot move without turning the "baby" out, and there is no room in the new Department of Commerce building that can be turned over to it.

Money with which to establish the department of labor is included in the urgent deficiency bill, but Congress has not yet passed the measure. In the meantime Secretary Wilson and his force of clerks are crowded up in quarters altogether inadequate for their needs.

The new building for the Department of Commerce is a handsome structure on Pennsylvania avenue beyond the State War and Navy building. For years the department occupied rented quarters further down town.

SUIT MAY LEAD TO DISBARMENTS

Ex-U. S. Attorney McNab Charges Attempt to Obtain Money by Threats.

Following the dismissal in the Oakland police courts of a charge of failure to provide filed against Frank Hall, a young real estate man of this city, complications have arisen which have involved Marshall B. Woodworth, former United States District Attorney, and Howard G. Harron, a San Francisco attorney, in a controversy with John L. McNab, whose resignation as United States District Attorney created a sensation recently. The matter may lead to action to disbar Woodworth and Harron, according to McNab.

Hall is separated from his wife, Mrs. Ida Hall, and has been contributing to the support of her and her child. The separation between Hall and his wife was brought about, it is alleged, by Woodworth and Harron, partly through the advice of Miss Elizabeth Hall, an aunt of the young man, who is a wealthy young woman of Cleveland.

Miss Hall wrote a letter to her nephew in Oakland, advising him concerning his affairs with his wife, and this epistle fell into the hands of the wife and was turned over to her attorneys. According to McNab it was used as a means to attempt to obtain money from Miss Hall by threats of legal procedure, based upon the contention that the letter formed a basis for a charge that Miss Hall had alienated the affections of Hall from his wife.

Miss Hall was induced, she says, through the advice of Woodworth and Harron, to place \$5000 in escrow in the Humboldt bank of San Francisco as the first installment to pay a claim of \$8500, for which suit was commenced and placed on the secret file in San Francisco.

The agreement to pay this claim has been repudiated by Miss Hall and Attorney McNab will ask today to have the suit taken from the secret file and placed on the regular calendar, and will then demand a change of venue to Southern county, where he will contest the suit.

FAMOUS IN A DAY FOR THE BEAUTY OF HER HANDS AND ARMS

A Free Prescription That Does Its Work Over Night—You Can Prepare It at Your Own Home.

"It's my own discovery and it takes just one night to get such marvelous results," answers Camille de Verlac, when her friends asked her about the marvelous change in the appearance of her hands and arms. "You can do the same thing if you take my advice," she says. "I feel it my duty to tell every woman what this wonderful prescription did for me. Just think of it! I did all this in one night. It affords me a world of pleasure to tell anyone else just how such remarkable results were brought about. I give you, absolutely free, the identical prescription which has made me so happy by beautifying my hands and arms. You can form no idea of the marvelous change it will make in just one application. The prescription, which can be prepared at your own home, is as follows:

Go to any drug store and get an ounce bottle of Kukul Compound. Pour the entire contents of the bottle into a bowl and add a quarter ounce of witch hazel and fill with water. Mix this at home. Apply night and morning. The first application will delight you. It gives the skin a velvety softness, obliterates all discolorations, such as tan, sun spots, freckles and coarse pores, roughness, and, in fact, everything that spoils the skin. It also produces a marvelous effect on the face, neck and shoulders. It is deliciously cool and soothing and is not affected by perspiration. It will not rub off.

If the neck is discolored from being exposed to the sun or from wearing high collars, this prescription will immediately relieve that condition. No matter how rough and ungainly the hands and arms, or what abuses they have had through hard work, no matter what exposure the skin has had to sun and wind, this prescription will work a wonderful transformation. Thousands of women are using this prescription with just the same results as I have had."

DE VALLE ESTATE IS PUZZLE TO COURTS

Superior Judge Ogden is endeavoring to straighten out the legal entanglements which arose over probate of the estate of the late Manuel E. De Valle, who was murdered by his wife, Mary De Valle, near Irvington two months ago. There is a law which prohibits a murderer from sharing in the estate of the person murdered. Mrs. De Valle relinquished her right as widow to administer the estate to the public administrator, and then Joseph De Valle, a brother of the deceased, applied for letters of administration. The matter has been taken under advisement by Judge Ogden. Mrs. De Valle has not been convicted of the crime charged against her.

STEAMER IS UPSET; SEVEN ARE DROWNED

KEOKUK, Iowa, Aug. 20.—Seven persons were drowned last evening when the government steamer Henry Hosse was overturned in a heavy windstorm in the middle of the twenty-foot channel in the Mississippi river here.

Those who were drowned were caught in the cabin of the boat and were unable to get out of the trap.

The Henry Hosse was being used in building a wing dam in the river and had started for shore, when the squall caught her without warning. Captain Seifert was at the wheel, and he was thrown seventy-five feet when the cabin parted from the hull.

JEWISH CITIZENSHIP IS NARROWED BY RUMANIA

BERLIN, Aug. 20.—The Rumanian government which promised to confer citizenship on Jews who served in the army in the recent campaign against Bulgaria seems bent, according to the Tagblatt, on restricting its action to the narrowest limit.

The Rumanian law office has just served notice on several thousand Jews that they must immediately renounce their citizenship and will be sent home. The government favors, therefore if limited to actual soldiers, will affect only 15,000 regulars of the 300,000 Jewish population.

IS KEEPING TAB ON THE TRAFFIC

Alameda Councilman Shows Number of Vehicles Passing Given Point

ALAMEDA, Aug. 20.—City councilman E. J. Probst has been keeping a close watch on the traffic in the city of Alameda. He has been keeping a record of the number of vehicles passing a given point in the city.

and 2:45 o'clock yesterday afternoon, when travel is comparatively light. Councilman Probst contends that a flagman should be placed at this crossing to protect life and property. Superintendent J. C. McPherson of the Southern Pacific company decided that a flagman would not be needed, the trains stopping on one side of Webster street and going slow when going east.

Councilman Probst asked that the public utilities committee again take the figures of the amount of travel. The councilman also requested that the same committee again take up with the Southern Pacific company the matter of establishing a station at Third street and Pacific avenue. He said that the Pacific Junction station on the north side line had been abandoned by the railroad, despite the fact that this is contrary to its franchise, and that passengers now have to walk further to Pacific avenue station on the south side line. He believes that the company can be compelled to re-establish the Pacific Junction station or remove it to Third street and Pacific avenue.

The public utilities committee promised to act in both matters. In the matter of two and one-half cent fares from points west of Macleod station to Park street, City Attorney Samuel Poorman Jr. was of the opinion that the railroad company was acting properly under its franchise. He said that this line does not provide a two and one-half cent fare as the franchise for other lines do. The city attorney, however, will investigate the matter further and report to the city council.

ALAMEDA FIRE CHIEF TO ATTEND CONCLAVE

ALAMEDA, Aug. 20.—Fire Chief Walter Steinhilber will represent Alameda in the convention of fire chiefs to be held in Seattle from August 26 to 29. The chief will tomorrow, making the trip by steamer, and accompanied by his family. He has been in the city for several days, and will be away for two weeks.

BERKELEY PERSONALS

Arrangements are being made for the picnic which Berkeley, Durant and Charter Rock lodges of Masons of this city will hold jointly Saturday at Redwood Shore. There have been several athletic events arranged for the program, and trophies have been secured for the winners. The picnic is being arranged by a committee of three members from each lodge.

The Longfellow Mothers' Club enjoyed a business meeting today afternoon, which was followed by a reception given by the teachers of the school. Several views were shown by Miss A. Woodall, and the school band played. Refreshments were served by the teachers.

A sheet and pillowcase manufactory is to be established in Berkeley. The manufactory will be for the benefit of the needy. Music has been secured for dancing, of which an interesting program has been arranged. Several vocal numbers will be rendered and refreshments served.

Davenport, newly-elected president, will preside for the first time at the celebration of the Berkeley School Mothers' Club when the opening meeting of the year is held by that organization tomorrow afternoon. The establishment of kindergarten will be among the interesting subjects considered.

The committee of the whole of the City Council is considering with the Chamber of Commerce the entry of an official Berkeley first in the parade the Native Sons will hold in Oakland. The suggestion for the first was offered by the council by Harry G. Williams of Oakland.

Miss Roberta Hallett has been chosen by Miss Beale Bates of Prince street as her special attendant for her wedding to Ralph Brooks which is to take place at her home September 3. William H. High will officiate at the ceremony.

GENEROUS PROCEEDS EXPECTED BENEFIT PLANNED FOR GYMNASIUM

Alameda Councilman Shows Number of Vehicles Passing Given Point

ALAMEDA, Aug. 20.—Alameda has been fittingly represented in the Native Sons' carnival electric parade in Oakland, September 6 and 8. The city council is to co-operate with the Chamber of Commerce, the local natives and other organizations interested in boosting the city. The printing and ad-

to spend \$10 for an electric float, if it can be done legally. If it is found, as City Attorney Samuel Poorman opined, that the city cannot spend funds for such purpose, the committee will co-operate with the various organizations and endeavor to raise funds by public subscription.

H. G. Williams, representing the native sons, invited the council to enter a float in the electric pageant. He remarked at length that as Alameda has a municipal electric plant, it is logical that it should have such excellent service, an electric float bearing the name "Alameda" on either side would attract many eyes. The float, just finished speaking when the lights just flashed out the first time in eight years. Apologies were necessary and it was explained that the float's switchboard is just being regulated at the local plant. The coincidence, however, drew a laugh from those assembled.

Councilman E. J. Probst seconded Williams and moved that \$200 be spent in equipping a float. Urged to take action, the councilman urged the council to take action, saying that all cities should unite in this great carnival.

ALAMEDA TOO HEALTHFUL TO ADMIT OF \$25 ANNUAL FEE FOR BUSINESS

ALAMEDA, Aug. 20.—Attorney J. S. Brown, who is now located in Phoenix, Arizona, told of the success of the Alameda man in a business in which he has embarked there. The heat and thunder for a time made life burdensome to the bay city dweller. He writes that 122 or thereabouts in the shade is cool weather for him, now that he is getting acclimated. Brown has engaged in the plumbing supply business in Phoenix.

WORKMAN IS INJURED BY A FALLING PIPE

ALAMEDA, Aug. 20.—Howard Hall, an employee of the municipal electric light plant, had a narrow escape from death at 10 o'clock this morning when a heavy pipe that was being unloaded from a wagon fell across his neck and shoulder, forcing him to the ground and rendering him unconscious. Fellow workmen thought his neck had been broken. He was hurried to the emergency hospital, where treatment was given by City Physician Arthur Hieronymus. Hall's injuries, while painful, are not serious. He is resting easily at his home, 2223 Santa Clara street, this afternoon.

ALAMEDA, Aug. 20.—Letters to friends from former City Clerk Frank E. Browning, who is now located in Phoenix, Arizona, tell of the success of the Alameda man in a business in which he has embarked there. The heat and thunder for a time made life burdensome to the bay city dweller. He writes that 122 or thereabouts in the shade is cool weather for him, now that he is getting acclimated. ALAMEDA IN BIG NATIVES' FIESTA

Encinal City Will Participate in Oakland Celebration Next Month.

ALAMEDA, Aug. 20.—Alameda has been fittingly represented in the Native Sons' carnival electric parade in Oakland, September 6 and 8. The city council is to co-operate with the Chamber of Commerce, the local natives and other organizations interested in boosting the city. The printing and ad-

to spend \$10 for an electric float, if it can be done legally. If it is found, as City Attorney Samuel Poorman opined, that the city cannot spend funds for such purpose, the committee will co-operate with the various organizations and endeavor to raise funds by public subscription.

H. G. Williams, representing the native sons, invited the council to enter a float in the electric pageant. He remarked at length that as Alameda has a municipal electric plant, it is logical that it should have such excellent service, an electric float bearing the name "Alameda" on either side would attract many eyes. The float, just finished speaking when the lights just flashed out the first time in eight years. Apologies were necessary and it was explained that the float's switchboard is just being regulated at the local plant. The coincidence, however, drew a laugh from those assembled.

Councilman E. J. Probst seconded Williams and moved that \$200 be spent in equipping a float. Urged to take action, the councilman urged the council to take action, saying that all cities should unite in this great carnival.

UNDERTAKERS OBJECT TO LICENSE

ALAMEDA, Aug. 20.—The city council last night and requested that the license on undertakers be reduced to \$10 and the license on real estate dealers who obtain loans for clients be abolished. Both matters were referred to the license committee, to report at an early date.

LIGHTS OUT FIRST TIME IN YEARS

For Three Minutes in Nearly a Decade Alameda Is in Darkness.

ALAMEDA, Aug. 20.—Alameda has established a record. It has been for eight years doing it, but its efforts came to an end at 8:30 o'clock last night when for the first time in eight years, through accident or unannounced municipal electric plant failure, the municipal electric plant failed. The city was dark. It was for three minutes only, but it completed the record.

new switchboards. Superintendent Joseph Kahn said that he regretted that the record could not have been more lasting than eight years, but asked if there is any plant in the vicinity municipally owned or otherwise, that can beat the same record. The work at the new municipal plant is all but complete. The switchboards were changed over last Sunday, but some trifling accident to the temporary wires caused the accident that for three minutes in eight years, left Alameda in the dark.

"DON'T WHIP CHILD" SAYS MISS BEALS
Protest Against Corporal Punishment and Cites Case to Board.

BERKELEY, Aug. 20.—Mrs. Effie S. Beals made strenuous protest to the Board of Education, of which she is a member, last evening against corporal punishment in the public schools. Mrs. Beals declared a case had come to her notice when the whipping of a child with a strap had been revealed only by intervention of the child's parent. She did not cite the school, principal or child involved.

WOULD BE ALONE IN THIS DISTRICT

ALAMEDA, Aug. 20.—Alameda Chamber of Commerce and the various improvement clubs of the city are to take up the matter of the rumored change in the supervisory districts by which it is proposed to include Alameda as a part of a large county district serving the city representation in the board by one supervisor who would also represent a large outside territory. The purpose of the agitation is to secure such redistricting that this city will be entitled to a supervisor as its own full right.

WORKMAN IS INJURED BY A FALLING PIPE

ALAMEDA, Aug. 20.—Howard Hall, an employee of the municipal electric light plant, had a narrow escape from death at 10 o'clock this morning when a heavy pipe that was being unloaded from a wagon fell across his neck and shoulder, forcing him to the ground and rendering him unconscious. Fellow workmen thought his neck had been broken. He was hurried to the emergency hospital, where treatment was given by City Physician Arthur Hieronymus. Hall's injuries, while painful, are not serious. He is resting easily at his home, 2223 Santa Clara street, this afternoon.

ALAMEDA, Aug. 20.—Letters to friends from former City Clerk Frank E. Browning, who is now located in Phoenix, Arizona, tell of the success of the Alameda man in a business in which he has embarked there. The heat and thunder for a time made life burdensome to the bay city dweller. He writes that 122 or thereabouts in the shade is cool weather for him, now that he is getting acclimated. Brown has engaged in the plumbing supply business in Phoenix.

CLASSES TO MEET ABOUT PUSHBALL

Annual Freshman-Sophomore Clash at University Scheduled for Saturday.

UNIVERSITY OF CALIFORNIA, Aug. 20.—The annual pushball contest by means of which the rivalry between the freshman and sophomore classes finds an outlet, is to take place on California field Saturday, at 2 o'clock. Walter Christie, University trainer, will act as referee. All men from the lower classes will be eligible.

The pushball game has come to be known as the game of the interclass rushes and other resorts of frolics which were once a prominent feature in local campus life. An inflated ball six feet in diameter is employed, on either side of which the classmen arrange themselves with the object of pushing the ball past their respective opponent's goal at an end of the field.

The juniors will as usual guide and advise the freshmen in the organization of the game. The freshmen will be daubed with red and the freshmen with green to distinguish between them. Last year's game had to be called off on account of an accident to the pushball, but the big sphere has been put in trim shape for this year's contest. The game is open to the public.

ALAMEDA IMPROVERS OBJECT TO SHARING SUPERVISORIAL TERRITORY WITH OTHERS

ALAMEDA, Aug. 20.—Alameda Chamber of Commerce and the various improvement clubs of the city are to take up the matter of the rumored change in the supervisory districts by which it is proposed to include Alameda as a part of a large county district serving the city representation in the board by one supervisor who would also represent a large outside territory. ROADWAY SINKING; NO DANGER SAYS ENGINEER

ALAMEDA, Aug. 20.—That the Webster street road is surely but slowly sinking is the report of City Engineer I. N. Chapman, who is engaged in establishing grades for a construction company engaged in bluing the thoroughfare. Chapman states that the road has gone down into the marsh about three inches in as many years, but that there is little danger of it disappearing altogether.

The only plan, according to the engineer is to keep building up, there being about 60 feet of mud under the macadam. The work is laid on redwood timbers which come from the former location, and being constantly in the mud are not subject to a very rapid decay.

NO DISCUSSION ON THE MERITS OF HER CLAIM

ALAMEDA, Aug. 20.—There was little discussion relative to the matter of the diving away of the position of pay instructor which was tendered to Miss Alice Loftus by Miss Dorothy Tolbrook, without the formality of a resignation on the part of Miss Holbrook. Miss Loftus who has held the position for a month as the gift of her friend, and whose claim for a month's salary was repudiated by the city auditor, did not present her claim for services, but instead filed an official application for the position.

Her application, together with a number of others, was referred to the recreation commission.

ALAMEDA, Aug. 20.—An organization called the Employers' and Merchants' association asked the city council last night to adopt an ordinance providing against picketing, loitering and loud speaking in public places. A copy of the ordinance requested was submitted. The council referred the matter to the committee of the whole.

The organization, which has offices in the Bacon building in Oakland, has as its president Charles W. Shaw, and as its secretary Harold D. Perry, formerly of this city. It is claimed that if this ordinance is passed, capital can be prevented upon to invest its money in this locality.

STREET MATTERS IN CITY COUNCIL

Island City Law Makers Are Anxious to Open Up Some New Thoroughfares.

ALAMEDA, Aug. 20.—Street matters were up for discussion and action at the meeting of the Alameda council last night. City Attorney Samuel Poorman Jr. reported that he had interviewed the owners of property on Central avenue and Briggs avenue, east of Fremont boulevard relative to their request for a new thoroughfare.

It was reported that some of the streets are claimed by private parties who announce their willingness to give a quit claim deed providing the city undertake to improve the streets. Poorman expressed the opinion that it would be more economical for the city to do the work suggested than to go to the expense of condemnation proceedings. The street committee will report its findings on the subject at the next meeting of the council.

A communication from R. C. Hillen, owner of property on what would be Liberty street and 20th avenue, stated that he was willing to give a quit claim deed to the city if the city would undertake to improve the street. This matter was also referred to the street committee.

HEART TRIBUNES PAGE for WOMEN HOME

SOCIETY

QUITE the prettiest church wedding of the season was the wedding of Miss Elna Musser and Myrlan Fox Jr. plighted their troth. The impressive marriage service was read by Rev. Franklin Hart, in the presence of Rev. Alexander Allen, the pastor, in the presence of more than 200 invited guests. The church was artistically decorated with potted palms, branches of greenery and delicate ferns. The altar was a profusion of delicate blooms, pink roses and pale lavender asters being arranged effectively.

The bride wore a beautiful gown of heavy white satin, the entire bodice of which was of chantilly lace, while on the

veil encircled the hem of the gown was long bridal veil of the same fabric, fastened in a cascade effect, fastened with a band of orange blossoms. The costume was completed with a shower bouquet of lilies of the valley and white orchids which the bride carried.

Miss Phyllis Lovell as maid of honor, wore a gown of delicate pink crepe de meteor made on train. The waist was made almost entirely of lace over white chiffon silk. A band of jeweled net finished the gown. The bride's bouquet was in the latest mode with shaded elms, under which appeared ruffles of delicate white and pink roses. The shower bouquet was of pale pink roses and asters combined with bows of tulle.

The bridesmaids, Miss Palmanteer and Miss Lamoureux were gowned alike, their dainty dresses being of pink silk crepe de meteor, elaborated with real lace, and having long fish-tail trains. The bridesmaids wore shadow lace with clusters of pink roses on the shoulder. The lace which was draped to give a high-waisted effect, formed a tunic style. The skirts were fashioned in the same manner as that of the maid of honor. The shower bouquets carried by the attendants were of lavender asters tied with bows of tulle.

Miss Lilla Lovell, who completed the group of bridesmaids, was attired in pink silk crepe de meteor, pink chiffon and pink beaded net. The bodice and sleeves were entirely of chiffon.

The bridal party was led by George Daniels, followed by Lloyd Gilmore and Clifford McElrath, then by the bridesmaids, Miss Lilla Lovell, Miss Lamoureux and Miss Palmanteer. Miss Phyllis Lovell was unattended. Miss Musser was given into the keeping of the groom by her mother. Gerald Meigs served as groomsmen.

Following the wedding a reception to the immediate friends and relatives of the two families was held at the home of the bride's aunt, Mrs. Charles Lovell. Many beautiful guests were worn at the reception.

Mrs. Musser, mother of the bride, was gowned in black lace over white charmeuse, elaborated with jet trimming and with touches of pink chiffon.

Mrs. Fox, mother of the bridegroom, wore a stunning costume of Albee blue chiffon appliqued with pink roses.

Mrs. Charles Lovell wore white satin with a drape of apricot chiffon.

Mrs. Edson Adams, a sister of the bridegroom, was attired in her wedding gown of white satin.

The bride is the daughter of Mrs. O. C. Musser of West street and is well known among the younger set in local society. Fox is the son of Mr. and Mrs. Myrlan C. Fox of this city. The couple will leave for the northwest in a fortnight, where they will establish their home in Idaho. They will pass their winters in Salt Lake City.

NANKING IS REPORTED FALLEN AFTER FIVE DAYS' FIGHT

SEVEN BODIES ARE NOT YET RECOVERED

Victims of Ill-Fated Steamer Being Sought by Divers.

Harrowing Scenes Described by Survivors of Accident.

KEOKUK, Iowa, Aug. 20.—The bodies of the seven persons on board the ill-fated government steamer Henry Bosse which turned turtle during the wind storm of cyclonic velocity on the Mississippi river here last night had not been recovered at noon. The boat lies keel up off the Keokuk shore in 15 feet of water. Divers were expected to begin the search for the bodies this afternoon. There were no changes in the list of the seven out of fourteen on board of the boat who perished.

The Henry Bosse has had a disastrous career, having sunk three times during her period of usefulness in river navigation and will not again be placed in commission.

The seven members of the crew who escaped did so through the most fortunate circumstances. Scenes attending the fatality were of the most harrowing description and some of the survivors performed feats of endurance that could not be accomplished under normal conditions. One of them, Captain Augustus Siefert, swam for half a mile with an artery severed and almost died to death. He is reported as improved today.

The Bosse was engaged in government work in and near this port.

PRISONER MAY BE LAKESIDE BURGLAR

Lack of Identification May Enable Captive to Escape Punishment.

Suspected of being the "Lakeside burglar," a man giving the name of Henry C. Carr was taken into custody near the Willows, the Lake Merritt pumping plant, early this morning. Patrolman A. Trotter had been detailed to watch for the burglar, who has entered a score of apartment houses and residences in the lakeside district, and it was through his watchfulness that Carr was captured.

The police are at a loss to connect the suspect with any of the burglaries, as none of those robbed saw Carr. Carr refused to give any account of his actions today and will be subjected to a careful examination by the police.

Interest Paid on Terminal Railways

Interest due on obligations contracted by F. M. Smith, was paid by the trustees this morning. The notes in question, which aggregate \$1,000,000 were issued by the Oakland Terminal Railways and are secured by property on the Key Route basin.

It is sought to continue the notes for another year, but a plan of procedure has not been decided upon, as yet.

Harrison Named To Govern Isles

FRANCIS BURTON HARRISON.

New York Congressman Selected for Philippines

WASHINGTON, Aug. 20.—Representative Francis Burton Harrison of New York has been selected for Governor General of the Philippines. President Wilson will send his nomination to the Senate today.

Harrison was selected after months of personal consideration by President Wilson in which many applicants were eliminated. At least twice the appointment was considered as good as made, but neither of the men selected was Harrison.

The new governor general is a Democrat, a native of New York City, a lawyer by profession and has been a representative in five congresses, his first service being in the Spanish war. He enlisted as a private in the Spanish war, and was a candidate for lieutenant governor of New York in the campaign of 1904. He was educated at Yale and the New York Law School.

Harrison was strongly urged for the post by Leader Underwood, Representative Palmer, Senator Hughes of New Jersey and other Democratic leaders. Secretary Garrison also concurred in the appointment.

In connection with the announcement of the White House had no comment to make of Mr. Harrison's attitude toward the Philippines beyond the remark that he would carry out Democratic party pledges. A reorganization of the Philippine Commission, however, is to be effected and some commissioners will be named within a few days. Harrison was a member of the party which accompanied William Howard Taft as Secretary of War on his trip to the Philippines, and he has several times accompanied the Philippine Commission from time to time with President Wilson, so that his viewpoint is known to the administration.

President Wilson today nominated Edward Bell of New York to be second secretary of the Embassy at London.

Woman Kills Self; Ill Health Cause

REDONDO BEACH, Cal., Aug. 20.—Mrs. Robert McMann Jr., daughter-in-law of Robert McMann, a banker of Denver, committed suicide here today by shooting herself in the head. Her act was attributed to ill health.

Mrs. McMann, who was 28 years old, came here two weeks ago with her husband and infant daughter.

Italian Succeeds In Scaling Peak

MILAN, Italy, Aug. 20.—Dr. Placenza an Italian explorer, has succeeded in reaching the summit of Mount Numzum, a peak 22,000 feet high in the Himalayas, according to a telegram received here today from India. Many vain attempts have been made by English and American climbers to scale this peak.

McLOUGHLIN AND BUNDY VICTORS

Defend Their Titles Against Strachan and Griffin

Challengers Outclassed by the Wonderful Serving of Champions

NEWPORT, Aug. 20.—Maximo E. McLoughlin of San Francisco and Thomas C. Bundy of Los Angeles defended their title as national lawn tennis champions in doubles against John R. Strachan and Clarence J. Griffin, both of San Francisco, in straight sets on the grand court of the Casino today. The scores were 6-4, 7-5, 6-1. The challenging pair, both young players, were outclassed.

The grandstands were filled when the four players came onto the courts shortly after 11 o'clock. The weather was superb and the match started with Strachan serving. The first two points went to the challengers on an out by McLoughlin and a net by Bundy, and the youngsters won the first game with apparent ease. McLoughlin started the service for the defenders and won a love game on fine work in the back court. He then took a game on Griffin's service and this was followed by Bundy winning on his service, making the score three games to one for the defenders.

FIFTH LONGEST.

The fifth game was the longest in the set, deuce being called several times, and the youngsters won. Then McLoughlin took a love game on his service. Griffin made it four games to three by clever work at the net. After Bundy won the service and Strachan had followed suit, McLoughlin ran out the set. Point score first set:

McLoughlin and Bundy—145 464 041 4—

Strachan and Griffin—403 180 004 1—

McLoughlin and Bundy won the second set 7 games to 5. The points were 42 to 35.

The challengers showed better team work in the second set, making Bundy the object of their attack. Both ran into the net and McLoughlin and Bundy resorted to lobbing. The rallies at the net were very spectacular. Second set:

McLoughlin and Bundy—354 444 111 64—

Strachan and Griffin—530 112 544 631—

McLoughlin and Bundy—544 243 5—33

THIRD SET QUICK.

McLoughlin and Bundy made quick work of the third and deciding set, although the sixth game was well fought out on McLoughlin's service. Third set:

THOUSANDS WORK FOR GOOD ROADS

Western Missouri People Offer Service to Build Highways

KANSAS CITY, Aug. 20.—Enthusiasm for the new spirit of road building in Missouri, thousands of volunteers marched forth from every county in Western Missouri today to begin a part of Governor Major's army of \$50,000 which, in response to his proclamation, began a two days' campaign that was expected to add \$1,000,000 in betterments to the public highways of the state.

This, the first statewide movement in favor of better roads, was expected to be only an epoch in the development of Missouri by an example that would be followed by other states and thus lead to a general improvement of highways all over the United States.

"Let ours be the banner county," was the slogan of every community. Eight thousand road overseers in the state for weeks have been assembling equipment and outlining the work to be done so systematically that every squad of men was put to work without delay or confusion.

Governor and Mrs. Hodges of Kansas came to Missouri to give their active support to the work. They were guests of Governor and Mrs. Major. The two governors donned their overalls and setting out from Jefferson City were among the first to get on the field of action. Mrs. Hodges aided in serving to the workers fried chicken which had been prepared by Mrs. Major.

Women took an important part in the campaign. The 6000 members of the Missouri Federation of Women's Clubs aided the movement in every way possible and thousands of farmers' wives and other women prepared and served meals to the workers.

Cuts Hand Opening Soda Water Bottle

WASHINGTON, Aug. 20.—Senator Borah of Idaho was so severely cut on the hand while opening a bottle of mineral water in the senate cloak room yesterday that four stitches were necessary to close the wound. The senator was unfastening the metal cap of the bottle when it broke so suddenly that he was thrown back by the force of the explosion. A senate employee became so excited over the incident that he fainted. The senator, weakened by the loss of blood, went to his home accompanied by a senate attendant.

Oakland-Antioch May Issue Bonds

SAN FRANCISCO, Aug. 20.—The Oakland, Antioch & Eastern Railway was granted permission by the State Railroad Commission today to issue \$1,000,000 in bonds. The money is needed for completion of the road through to Sacramento and for the purchase of rolling stock. The company is also authorized to issue bonds for the purpose of purchasing the stock of the company.

WARM WEATHER IN VALLEYS; COOL HERE

Fresno Is Refreshed and Then Glass Takes Rise

THE 100 mark has again been reached by the mercury in this state, and Fresno went into the rather warm class with that temperature, although at 5 o'clock this morning only 68 degrees were recorded. It was warm at Red Bluff with 96 and the same temperature prevailed at Sacramento. Save for this heat in the valleys extremely pleasant conditions prevailed throughout California.

The forecast for the next twenty-four hours shows a continuance of fair weather with fog tonight and wind this afternoon.

It rained very heavily in the middle west during the last 24 hours. St. Louis recorded 1.20 inches. The upper Mississippi and Ohio valleys report rain and the temperature has risen over the interior mountain region and fallen on the Atlantic seaboard. New York reports 36 degrees, Boston 70, Buffalo 74, Chicago 78, New Orleans 92, St. Louis 85, St. Paul 82, Kansas City 94, Denver 86, Salt Lake 88.

REPORT DRY WEATHER.

KANSAS CITY, Aug. 20.—Reports of dry weather damage continued to reach here today from Kansas and Northwest Missouri. Fruit growers in that territory say the apple crop will be little better than a failure.

Scattered showers the last four days have reduced average temperatures several degrees, and in some sections have been sufficiently heavy to give the corn a chance to mature, but yesterday's temperatures in many parts of Kansas were still above a hundred, and promised to pass that mark again today.

GOVERNOR SILENT; IS IMPERTURBABLE

Opinion of Carmody Fails to Have Any Effect

ALBANY, N. Y., Aug. 20.—Expectation that the second day's session of the Legislature would be productive of spectacular developments in the mud-died gubernatorial situation failed of realization. Rumors that Acting Governor Glynn would submit a message bearing in some way upon his official status drew large crowds to the capital, but few members appeared.

In the session of the Assembly continued resolutions were introduced looking to the punishment for contempt, in refusing to answer questions before the Frawley investigating committee, of Louis A. Sarecky, governor Sulzer's private secretary during the gubernatorial campaign, and Frederick L. Colwell, who is alleged to have been Sulzer's "dummy" in certain stock transactions. The judiciary committee was called upon to take action on charges affecting the integrity of the assembly, said to have been made by James C. Garrison.

Governor Sulzer seemed unperturbed over the opinion of Attorney-General Carmody upholding the contention that he is unlawfully exercising the functions of chief executive, pending the outcome of the impeachment proceedings. He preserved his policy of silence adopted since the impeachment proceedings were instituted.

NATIONAL UNION HEADS GUESTS AT BANQUET

SAN FRANCISCO, Aug. 20.—Joseph A. Wright, senate president, and D. A. Helpman, field superintendent of the National Union, were guests at a banquet given at a downtown cafe by 200 members of the organization last night. Both officers arrived in San Francisco Monday night upon their annual visit to the coast and will remain here until Thursday before departing for Los Angeles. State Senator Harry S. Anderson was the toastmaster of the evening. Tomorrow night President Wright and Field Superintendent Helpman will attend the largest class initiation ever held by the National Union. At its headquarters in the Native Sons' building a class of 500 members will be admitted into the organization.

FEDERALS ARE UNTRAINED TROOPS

Western Ridge of Purple Mountain Changes Hands Often.

Han-Chang Abandoned by the Revolutionists After Feeble Fight.

LONDON, Aug. 20.—A Red Cross dispatch received in London today says Nanking has fallen. There is no official confirmation of this report. A dispatch to the Times from Shanghai states that desperate but unscientific fighting has continued for five days around Nanking for possession of the western ridge of Purple Mountain, during which the ridge has changed hands many times. General Chang Hsun of the government forces, according to the correspondent, appears to be entirely lacking in all modern military training and his troops, though fierce and warlike, are equally untrained and undisciplined.

SENATORS EXCHANGE PERSONAL ALLUSIONS

Tariff Debate Enlivened by Tilt at Personalities.

WASHINGTON, Aug. 20.—Senators Penrose and Martine enlivened the tariff debate today by a spirited exchange of personalities. Mr. Martine quoted Rudolph Spreckels as believing free sugar would not only be a boon to the west, but that the Hawaiian industry would continue and that the Louisiana cane industry has been too long protected.

"That the Senate may know the impartiality of Mr. Spreckels in the matter, I wish to call attention to his contribution to President Wilson's campaign fund," interjected Penrose. He said that Spreckels was interested in free sugar.

"The senator from Pennsylvania has lived so long under the shadows of a boiler factory that the welding of plate and the riveting of a boiler have more attraction for him than the cries of suffering humanity," retorted Martine.

Consideration of the cotton schedule proceeded. A committee amendment limiting staples to 600 yards proposed by Senator Hoke Smith was adopted.

KEY ROUTE BASIN WORK IS URGED

That the Key Route basin shipping facilities be started with as possible speed and that Oakland's harbor be made as accessible as possible at once was the opinion voiced last night at the meeting of the directors of the Oakland Commercial Club, which passed resolutions urging the United States government at once to complete its work.

Bush and Guthrie Are a Great Combination; They Beat Oaks

Locals Tried Hard, but What's the Use

Parkins Passes Crisis; Former Oak Is on Road to Recovery

Billy Fitz Says:

WO was an important factor in the opening game of the Seal-Oak series. Two umpires, two errors and two runs

sulted in the tally sheet reading San Francisco 3, Oakland 1. This doesn't by a long way describe the real progress of the battle. Umpires Guthrie and Bush would have to be figured in the San Francisco roster to do that.

The first tally made by the lads under Jaycal's flag happened in the third. Here's where error No. 1 showed on the horizon. Old Doc Cook was responsible, the gumdrop shortstop kicking Johnston's roller around for several seconds, with the result that Charles brought up at third and the speed demon at first. Schaller contributed a strike out, but on the third swing the two runners scored the double steal and finished it. See, if it hadn't been for Cook's error Schaller's whiff would have ended the inning.

Then the game struggled along until the seventh. Here's where Umpire Bush, two runs and an error enter the picture. Charles singled and McCardle followed with a very handy single. Johnston sent 'em along a sack apiece by sacrificing via Maloney to Gardner. After consultation it was decided to walk Schaller, leaving the bags choked. Then came error No. 2 and a double by Umpire Bush.

Cornah hit an easy roller to Leard who promptly tossed to Cook, forcing Schaller. Cook started to throw to get Cornah at first, but Schaller deliberately interfered.

A competent judge would have seen the play and the inning would have ended with no score. Bush didn't. During the excitement one tally got over and McCardle made a dash for the plate. Cook threw him out by many feet, but Mitze dropped the ball and the third tally was rung up.

In the third inning Umpire Guthrie called a third strike on Mitze when it was apparent that the ball was not low and far out. Following this, Maloney singled and Leard doubled, but no score resulted. Maloney being caught at the plate. In any instance where the play was close, the Oaks were charged with the error. The umpire being landed in the chair, but the Oaks cannot claim the credit. That distinction goes to Bush and Guthrie.

Carwright is credited with a triple. Ted was mighty lucky man to get it through. Kaylor in center showing an inclination to juggle the ball. No damage resulted, however. Ted was slightly hurt in his batting and was easy picking for Vanum. You've got to hand it to the new little Oakland though. He runs and everything, he popped a huge hit in the second and landed.

An unconditional release has been handed to Mike Donlin of the Giants. Mike, you remember, was an actor man for a while, but was finally induced to give up that profession in consideration of better financial inducements. Apparently, however, he hasn't come up to expectations. Mike has signed with the Jersey City club in the International league and will report for duty, Monday.

Daddy Rohrer was out in uniform, in practice before the game. He did not take any chances with his injured right arm and will not go into commission for a couple of days. It is possible that he may not work this series.

Mugger McGraw of the Giants has brought Otis Crandall back into the fold. St. Louis returned Crandall to McGraw for a cash consideration and McGraw, who has considered him a valuable player, has accepted the offer. McGraw has been in the ranks of the National leaders.

Now Hen Berry, who has been acting as president of the Coast League in the absence of President Allan T. Baum has stepped up and taken a turn into the wilds. Judge McCredie of the Ducks will handle the duties of president until Baum gets back, which will probably be early next week.

Chalk up another stolen base for Jim Johnston.

The Giants have dropped back into the 600 class.

Walter Johnson, the sensational Washington American pitcher, took his 13th straight game. Ten innings were required to turn the trick. The final score was Washington 6, Cleveland 1.

The Chicago Americans have recalled Shortstop Eda Dickerson from the Milwaukee American association team.

The Oaks fans there were two of us, had hopes in the ninth when with two outs, Cleveland's Clemens was in succession. The hope flickered and died when Mitze let a perfectly good third strike go by, thereby ending the agony.

Lewiston, Idaho, has offered the Giants and White Sox \$41,000 if they will let him play there. The deal is a good one, but the catch doesn't say whether it's real coin.

It was up to Earl Margrett to be the shining star in the Duck-angel battle in the north. Earl's sticking was responsible for the three tallies made by the Oaks, and he was the only one who could score twice, the Angels naturally won. We should worry.

Honolulu Johnny Williams and Spider Baum engaged in a pitching duel in the south. The former coming away with the victory and a 2 to 1 score. This being the Oaks one solid game nearer the Ducks.

Harry Ables and Orval Overall will be pitted in a pitcher's battle should develop.

Tyler Christian, the Oak pitcher who is confined to Providence hospital, was able to walk about a short time yesterday afternoon. Attending physicians report that the crisis on the road to recovery. No visitors are allowed to see Parkins as yet, however.

CINCINNATI, Aug. 20.—The Cincinnati Reds won their 10th straight game, defeating the St. Louis Cardinals 4 to 1.

Drucke Released; Mitze Signs Texas Pitcher

Drucke, signed by the local club after being dropped by Venice, has been released by Manager Honus Mitze. The action was necessary in view of the fact that the Oaks have signed a pitcher who hails under the cognomen of Jost and who comes from Waco, Tex., of the Texas League. The new man will probably arrive before the 25th of this month. Jost finished the 1912 season with Waco club with a percentage of .619 in 38 games. He fielded 987 and batted for the season at a .095 clip.

Mitze also stated that he had another twirler in view

public, however, preferring to wait until negotiations have been consummated. Drucke was released outright by the local management. He is a good man, but is wild and has no control. He started the season with Sacramento, being released and picked up by Venice, who in turn released him, and he was then picked up by the Oaks.

Say, "Doc," Is There Any Truth In This Mess?

The Ground Keeper is the Rugged appearing and picturesquely attired Boss of the Ball Yard section Gang. He is personally responsible for every game the town team loses on the Home Lot.

The Ground Keeper's salary is paid by the club owner, but the athletes really ought to foot the bill. If it wasn't for the Ground Keeper they might find it hard to explain certain sad doings of the day.

When the Third Baseman is all set for a fast bouncer and has a runner decapitated at the plate the ball takes the sudden fancy hop over his Observatory. Now if the Ground Keeper had worked out that ridge near third the ball would have happened true and they might be out there playing yet.

With the Block System showing all the Sidings on the base running Track backing with Red Glens the batter hits a fast roller toward short. The gent who boots 'em in that particular section of the Yard keeps a sure double play, but the ball hits a cinder and bounces beyond the reach of the fielder. Two runners score before the recalcitrant play is retrieved. Now if that lazy-looking ground keeper had worked on the morning in place of sleeping in the shade of the bleachers the club wouldn't have been there and the home team would have won the ball game.

Be there a dork on the base lines and the ground keeper it is who bears the blame. Let the base be jarred from its moorings by the ripping spikes of

the charging athlete and whose fault is it but the Ground Keeper's?

Be there a gent in the infield and the Husky who hurls there has his Alibi all ready when a hard hit ball slides him and darts on to the fence. It doesn't matter that the Husky is a well-to-do athlete kept only for his hitting and really not expected to field ground balls.

The Ground Keeper is the Hunk of State Cheese who sets the pitcher's slab too high and the home plate too low.

When rain seeps beneath the canvas covering of the infield, leaving the base lines muddy, the ground keeper is the doctor who gives the damp rim a dressing of sawdust. He may even go as far as to amputate a section of the base lines, grafting in dry dirt and sawdust.

Here again the infielder has a choice alibi when he kicks one. The ball buried itself in the sawdust, and before he could dig it out the runner was anchored on first. And every man on the club will back him up. The Ground Keeper should have left that particular spot alone. So and so always hits right there.

When the Ground Keeper should be stilling the soil of the infield or ironing out the kinks of the subbing he may be found somewhere beneath the shadow of the stands shooting craps with the clubhouse boy.

CONNIE ALWAYS WAS AN OPTIMIST

PHILADELPHIA, Aug. 20.—"If Cleveland is going to win a pennant it better do it this year, for it is my honest opinion that it will have no chance next year, for I figure that I will then have the best team I ever had."

Such is the remark made by Connie Mack, manager of the Athletics. Connie has little to say about the race this season. He is not given to boasting and has not put in a claim for the championship of 1913, but he is taking time by the forelock and putting in his bid for the 1914 bunting.

scheduled 15 round go at Cincinnati.

Who, last night, his opponent, Dick

Gilbert, gave Schreck a bad beating in

the early rounds, but although Schreck

did his best to weather the storm until

the last round, the going was too fast.

Harry Trandall has been signed for a

go with K. O. Brown at St. Louis.

Otto Berg and Frank Logan who fea-

ture in the main event of the Ormonde

club at Pavilion rink on Friday are

busily at work training for the coming

day. A win either way will mean bet-

ter matches, both having met with fair

success some of the best middleweights

on the coast.

The other events on the card are: Ed-

die Miller vs. Mike Kutchos, 115 pounds;

Roughhouse Charley Burns vs. Yluro

Watanabe, 135 pounds; Kid Romeo vs.

Joe Kelly, and George Ertle vs. Buck

Brown, 135 pounds; Willie Capelli vs.

Dick Kendall, 125 pounds; Tom Nickola

vs. Kid Williams, 150 pounds.

The following dispatch was received

this morning:

VANCOUVER, B. C., Aug. 20.—After

several days spent in talk and the se-

curing of surgeons' estimates as to how

long it will take Welsh's ankle to heal,

Willie Ritchie last night insisted on

getting down to business, the extent of

posting forfeits for the match for

September 20. Ritchie is ready with

\$2500 and is insisting that Welsh's

day.

In the meantime the arrangements for

the fill-in match on Labor day are the

subject of chatter and guesswork. A

scheme was developed last night to

have an elimination contest for Satur-

day of this week to decide as between

Ray Campbell and George Ertle, which

would be the better opponent for Ritchie

on Labor Day. The arrangements for

this, too, are subject to alteration.

AMATEUR BASEBALL

With Pitcher Calvin twirling airtight

ball, especially with men on bases, the

Antioch team downed the fast Stock-

ton team Sunday to 6 on the for-

mer's grounds. But one Stockton man

reached third and two scored. He also

struck out 11 men. The features of

the game were the playing of Lamp-

riere at short, Cronin at third and

Krebs and Evans in the field for the

winners and Krafft in center for the

losers. The home team made good use

of their six hits and scored six runs off

them.

Score:..... R. H. E.

Stockton..... 6 1 0

BETTER THAN WEALTH

Is perfect health; but to enjoy good health it is necessary first to get rid of the minor ailments caused by defective or irregular action of the stomach, liver, kidneys and bowels, ailments which spoil life, dull pleasure, and make all sufferers feel tired or good for nothing.

BEECHAM'S PILLS

Has proved themselves to be the best corrective or preventive of these troubles. They insure better feelings and only upon them soon find themselves so well that they are better able to work and live. For that reason alone, Beecham's Pills are

DEATH LIST MAY NOT BE COMPLETE

Divers Will Have to Determine Loss of Life on Steamer State of California.

SEATTLE, Aug. 20.—Until divers who went on the steamer City of Seattle last night explore the sunken hulk of the Pacific Coast Steamship Company's steamer, State of California, which lies a wreck at the bottom of Gambier Bay, Alaska, where she struck a rock Sunday morning it is unlikely that any additional names will be added to the list of dead or missing passengers. If the purser's records are recovered from the wreck it will be easy to establish the exact number lost, but until this is done it is impossible to say how many more went down with the ship, as the purser has only his memory to rely on, and is un-

at the time of the accident.

BASEBALL SCORE INTERESTS WILSON

President Takes Stroll From the White House to Get Final Results.

WASHINGTON, Aug. 20.—Not even the tense situation in Mexico avails to dull President Wilson's keen interest in the tense situation in the baseball struggle. It developed today. After spending a busy day over the Mexican situation, the president last night suddenly realized he had not learned the scores—especially the result of the Washington-Cleveland game. "Let us go and find out," he is reported to have said to his physician, Dr. Cary Grayson, at the same time reaching for his hat. The two left the White House and strolled down Pennsylvania avenue, closely followed by two secret service men.

The president led the way at a swiftness to the score board in front of the newspaper office and studied the baseball results democratically with a group of other baseball enthusiasts. When he discovered that Washington had defeated Cleveland after a ten-inning struggle, he smiled his satisfaction and spoke in an audible tone to Dr. Grayson.

The little group then strolled back in the direction of the White House.

AVIATOR MAKES DESCENT BY USE OF PARACHUTE

PARIS, Aug. 20.—Aviator Pagoud yesterday carried out safely a sensational experiment in the use of the parachute in descending from an aeroplane while in flight. Rising to a height of 900 feet Pagoud pulled the string attached to a parachute folded on the aeroplane. The parachute immediately opened and filled, lifting the aviator from his seat and letting him slowly but safely down to the earth while the driverless aeroplane fell and was smashed to bits.

The parachute arrangement was invented by M. Bonnet and is intended for the use of aviators when their craft becomes unmanageable.

CRUISER TO BE KNOWN AS NAVY'S SCHOOL SHIP

MARE ISLAND, August 20.—The cruiser Maryland will be known in the future as the school ship of the American navy. Commander Mark St. Clair Ellis, U. S. N., engineer officer, has had a fifty-foot space set aside on the craft for a study room for the enlisted men. Secretary Daniels probably will order all of the ships to follow the example.

TEACHES SCOTS HIS NAME

EDINBURGH, Aug. 20.—Clarence H. Mackay, who, with a party, is grouse shooting at Patterness, in Kinross-shire, has been teaching the Scots how to pronounce his surname. Natives think this is rather funny, as Mackay is the name of a highland clan. In Scotland it always was pronounced to rhyme not with "day," but with "die." This pronunciation Mackay dislikes.

LOS ANGELES, Aug. 20.—Elizabeth Heath, the San Francisco orphan girl who attempted suicide in Stuyvesant Park, New York, last Monday night after she had exhausted every means to earn a righteous living, has a friend in Edward Mathie, a prominent business man of this city. Impressed by the girl's pathetic story Mathie, in a telegram to New York offered to bring her back among friends and assist her upon her return. Miss Heath is reported to be in a serious condition in one of the New York hospitals from the effects of swallowing poison.

MANY ADOPTION OFFERS.

NEW YORK, Aug. 20.—Fashionably attired women visited Bellevue Hospital in numbers yesterday with offers to adopt Elizabeth Heath, the 18-year-old San Francisco girl who attempted suicide Monday night by drinking poison in a city park after wandering homeless for two weeks. She had slept on park benches since the money she had saved before ill health compelled her to give up her place in a factory gave out. A park policeman sent her to the hospital where she is recovering.
